Preliminary Results

Beta Bionics, Inc. has not completed the preparation of its financial statements for the quarter ended December 31, 2025. The preliminary, unaudited information presented in this press release for the quarter ended December 31, 2025 is based on management's initial review of the information presented and its current expectations and is subject to adjustment as a result of, among other things, the completion of the Company's end-of-period reporting processes and related activities, including the audit by the Company's independent registered public accounting firm of the Company's financial statements. As such, any financial information contained in this press release may differ materially from the information reflected in the Company's financial statements as of and for the year ended December 31, 2025. Additional information and disclosures would be required for a more complete understanding of the Company's financial position and results of operations as of and for the quarter ended December 31, 2025. Accordingly, undue reliance should not be placed on this preliminary information.

Forward-Looking Statements

This press release contains forward-looking statements within the meaning of the Private Securities Litigation Reform Act of 1995. Statements in this press release that are not statements of historical fact are forward-looking statements. Such forward-looking

statements include, without limitation, statements regarding: Beta Bionics, Inc.'s (the "Company") expectations regarding its unaudited, preliminary fourth quarter 2025 financial results and key metrics, including net sales, installed customer base and net patient starts; and the Company's expected release date of its fourth quarter and full year 2025 financial results. Words such as "believe," "anticipate," "plan," "expect," "intend," "will," "may," "goal," "potential" and similar expressions are intended to identify forward-looking statements, though not all forward-looking statements necessarily contain these identifying words. These forward-looking statements are based on the beliefs of the management of the Company as well as assumptions made by and information currently available to the Company. Such statements reflect the current views of the Company with respect to future events and are subject to known and unknown risks and uncertainties, including business, regulatory, economic and competitive risks and uncertainties about the Company, including, without limitation, risks inherent in developing product candidates, future results from the Company's ongoing and future studies and clinical trials, the Company's ability to obtain adequate financing to fund its product development and other expenses, risks that real-world data or future results may not be consistent with interim, initial or preliminary results or results from prior preclinical studies or clinical trials, trends in the industry, the Company's relationships with its existing and future collaboration partners, the legal and regulatory framework for the industry, future expenditures and the potential impacts of global macroeconomic conditions. In light of these risks and uncertainties, the events or circumstances referred to in the forward-looking statements may not occur. The actual results may vary from the anticipated results and the variations may be material. Other factors that may cause the Company's actual results to differ from current expectations are discussed in the Company's filings with the Securities and Exchange Commission (the "SEC"), including the section titled "Risk Factors" in the Company's Quarterly Report on Form 10-Q for the quarter ended September 30, 2025 and in the Company's other filings with the SEC. You are cautioned not to place undue reliance on these forward-looking statements, which speak only as of the date this press release is given. Except as required by law, the Company undertakes no obligation to publicly update any forward-looking statements, whether as a result of new information, future events or otherwise.
